Last Week's Program: Patricia L. Bulley,
Health Svs. Coordinator for Orange,
Putnam, Rockland & Westchester Counties.
The main theme of Patricia's program was
strokes, and how to avoid them. Life line
Screening and Radiology, LLC is the people
to see in this most important life-saving
testing plan. Using laymen's terminology,
"have your 'plumbing' checked." Arteries
can become clogged throughout the years and
prevent proper blood flow to the heart, brain,
liver, etc. and can lead to stroke and death
itself. Patricia distributed literature as part
of her program, which encourages you to sign
up for necessary testing. (An Eye opening
program!)
